

Beautiful everyday!

TZMO SA is a leading European manufacturer and supplier of modern and high-quality absorbent hygiene products for personal use under the brand Bella, high-quality absorbent sanitary products, cosmetics, and medical devices, as well as a full range of absorbent products for incontinence under the brand Seni, medical devices with the brand Matopat and others. With the accumulated experience and modern production technologies, the company delivers products of the highest quality. TZMO SA has 55 companies in Poland and other countries, employing over 7,600 people.

As a result of TZMO SA's desire to help its customers feel as good as possible, in 2004 they were the first in the world to create a breathable film, which they use in the production of their absorbent products.

<https://tzmo-global.com>

bella is a brand that offers a wide range of breathable women's cycles and daily pads, cotton cosmetics, and personal care products.

For many years, bella sanitary pads have been synonymous with self-confidence, comfort, and protection. bella changes just like women over the years - along with their tastes, needs, and lifestyles. The success of bella is primarily due to the high-quality breathable products it offers, new technologies, and the desire to create flexible solutions for the modern woman.

All Santa pads are breathable, highly absorbent, and latex-free - the outer layer of the products is made of air-permeable material, and the inner of extremely delicate, soft, and pleasant to the touch non-woven material.

bella Mamma is a line of bella, created especially for women who will go through the best, but also the most important moment of their lives - the birth of a child. The brand offers high-quality pads for nursing mothers, pads for mothers, and elastic panties. The products of the series are designed to bring real comfort, protection, and security to women.

pads enriched with herbal extract

Bella Herbs

Bella Herbs - Designed for women with medium and heavy menstruation. A unique line of bandages for women, enriched with herbal extract, guaranteeing protection, and comfort during the days of the menstrual cycle. Bella Herbs pads are very absorbent and effectively neutralize the unpleasant odor. They are covered with a gentle layer of Extra Soft - a non-woven soft material like cotton, which makes them extremely delicate and pleasant to the touch and which in combination with herbal extracts takes care of the health and protection of the intimate area. The pads are breathable - the outer layer is made of vapor-permeable material, which stops the liquid, but at the same time does not interfere with the skin to breathe and allows the free movement of air.

Covered with a soft cotton layer Extra Soft non-woven material, which in combination with the extract of herbs takes care of the health and protection of the intimate area.

Linden is well known for its healing properties. It has antibacterial and anti-inflammatory action, soothes itching and burning of the skin. The pleasant, sweet aroma of linden is refreshing so that the woman feels comfortable during her menstrual cycle.

Verbena has properties that regulate the menstrual cycle, reduces the risk of skin irritation, and has anti-inflammatory action. Verbena has a delicate lemon scent that soothes and relieves nervous tension.

Plantain cares for the most sensitive skin and soothes skin irritations. Due to its soothing properties, it helps to reduce inflammatory processes. It has antibacterial and anti-inflammatory properties.

Bella Baby Happy

Baby anatomical cotton buds

The applicators are made of 100% pure cotton and are specially shaped so that they do not allow penetration deep into the ear canal and injury, and the handles are made of paper.

Thanks to their special shape, they are suitable for gentle and safe cleaning of sensitive baby ears from birth.

Suitable for everyday use.

Number in package: 56 pcs.

Two-color universal dry towels 2x40 pieces

Suitable for delicate baby skin and have high absorbency.

The extremely soft two-ply paper does not irritate the skin but provides a feeling of caress and comfort.

Convenient packaging that can be used both at home and outdoors.

Mini diapers for babies

They provide what babies need most: fully breathable diapers.

A special non-woven layer ensures fast moisture absorption.

Belt with a shape suitable for the navel of the newborn.

EARLY CARE SYSTEM - newborn babies need especially gentle care, so the developed system for early care in Baby Happy diapers includes - softness, tenderness, and prevention of irritation of sensitive baby skin. The special embossed inner non-woven material ensures fast absorption, and its gentle soft structure is ideal for sensitive skin and the little ones. The breathable outer layer protects against skin irritation, and the moisture indicator helps parents know when to change a diaper.

FLEXI FIT - The elastic cuffs around the legs prevent side leakage, and the elastic ears on the back allow multiple detachments and gluing of the diaper.

AIRFLOW TECHNOLOGY - fully breathable diapers - reduces to a minimum the risk of rashes and skin irritations.

WETNESS INDICATOR - color bar - informs you if you need to change the diaper so that the baby always has a feeling of dryness.

PREMIUM DRY - the special embossed non-woven fabric increases the feeling of dryness and comfort of the baby.

Bella Mamma

Bella Mamma pads for nursing mothers

- Soft, delicate and highly absorbent pads specially designed for use after birth and after gynecological procedures. They guarantee the comfort of the young mother in the first days after birth.
- Larger and with much higher absorbency, thanks to the special absorbent material from which they are made - cellulose core covered with a soft breathable non-woven material.
- Allow the skin to breathe and ensure optimal air circulation.
- They are large, have the shape of a rectangle with dimensions - 27 cm long and 9 cm wide, which provides maximum comfort and protection even when lying down.
- Much more reliable and effective than ordinary sanitary napkins.
- The soft, breathable non-woven material does not irritate the delicate skin in the intimate areas and thus helps the wounds to heal faster.
- Pads do not contain glue or artificial elements that restrict breathing or cause irritation.
- Dermatologically tested.

Bella Mamma elastic panties for reusable mothers

Soft and flexible, delicate underwear with sizes M / L and XL specially designed for fixing Bella Mamma maternity pads.

Made of mesh, which provides free air circulation (polyester + elastane) and allows the skin to breathe. This helps speed up the recovery process after birth. Reusable up to 25 times - can be washed at 60 ° C. Dermatologically tested.
