

Patches of the
highest quality

TZMO SA is a leading European manufacturer and supplier of modern and high quality absorbent sanitary products, cosmetics and medical devices under the Matopat brand. With the accumulated experience and modern production technologies, the company delivers products with the highest quality.

Matopat - We take care of your safety

- ▶ Matopat is a brand of wound plasters of the highest quality.
- ▶ The material from which the patches are made is soft and breathable, and the glue used is hypoallergenic - suitable for people with sensitive skin.
- ▶ Peeling off the patches is easy and painless, even if used on areas where the skin is softer.
- ▶ The swab is made of cellulose and does not stick to the wound.
- ▶ We offer a wide variety of shapes, sizes and types - waterproof, transparent, round, rectangular, etc.

Matopat Soft - wound patch 6X50cm roll

- ▶ Tape 6 cm wide and 50 cm long, which allows you to cut the size you need according to the wound.
- ▶ The non-woven fabric from which the patch is made is soft and breathable, and the glue used is hypoallergenic, thanks to which the patch is suitable for people with sensitive skin.
- ▶ The Peeling is easy and painless, even if it's used on areas where the skin is more delicate, such as the face or neck.

Matopat Universal - wound patches 20 pcs.

- Suitable for protection of small wounds, cuts and abrasions.
- The kit contains patches in 5 sizes, which allows you to estimate the size of the patch according to the size of the wound.
