Since 1926 Since then, PURINA® experts have invested their understanding of the natural needs of animals in supporting their overall health and well-being through wholesome food. CAT CHOW® is carefully prepared with natural ingredients (parsley, spinach, carrot, cereals, chicory and yeast), a delicious recipe that cats prefer.

PURINA® CAT CHOW® with Naturium formula is a specific combination of fibers from natural sources. It includes a natural source of prebiotic, which has been proven to improve the balance of the intestinal microflora and maintain the health of your cat's digestive system so that it can better absorb food. The presence of Vitamin E supports the natural defenses, and B-group vitamins help the cat to use its energy evenly. CAT CHOW® does not contain added artificial flavors, colors or preservatives.

Your Pet, Our Passion.™

Take care of her and help her stay strong and healthy by using the protein-rich formula of PURINA® CAT CHOW® Sterilized, created for neutered cats: - Since 1926. Since then, PURINA® experts have invested their understanding of the natural needs of animals in supporting their overall health and well-being through wholesome food.

- Specially formulated to balance the effects after hormonal changes associated with castration. With adapted levels of protein and fat in order to maintain healthy muscles and healthy weight.

- The recipe tastes like chicken and contains sources of protein, specially selected for their quality to meet the natural needs of cats.

- Carefully prepared with natural ingredients (parsley, spinach, carrot, cereals, chicory and yeast), a delicious recipe that cats prefer.

- PURINA® CAT CHOW® Naturium™ formula is a specific combination of fibers from natural sources. It includes a natural source of prebiotic, which has been proven to improve the balance of the intestinal microflora and maintain the health of your cat's digestive system so that it can better absorb food.
