

Your Pet, Our Passion.™

Among the range of DOG CHOW® you can find the right food for your dog, regardless of its age, size, breed and lifestyle. With the six special recipes, you can be sure that your dog is getting optimal nutrition and can reach the limit of its natural potential. DOG CHOW® contains Naturium - a specific combination of fiber from natural sources and a natural prebiotic.

Your dog is a researcher who needs a huge amount of energy to keep his curiosity about the outside world alive. Therefore, DOG CHOW® is a 100% complete and delicious food, rich in meat and with added chicory, which is a natural prebiotic and has been proven to improve digestion. This is due to the increase in the amount of "good" bacteria in the gut.

DOG CHOW Puppy supplies all the nutrients he needs to grow healthy, strong and ready for his next mission. It is also suitable for adult dogs of decorative breeds and pregnant / lactating female dogs. FOOD INSPIRED BY NATURE - 100% complete and balanced nutrition, specially created for your dog.
